The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on the information currently available to the Board, the Group is expected to record a profit for the six months ended 30 June 2018 as compared to the net loss recorded for the six months ended 30 June 2017. The Board considers that such profit was mainly attributable to (1) the improvement in gross profit margin as a result of the increase in sales driven by the increase in demand from the Group’s customers while manufacturing overheads maintained stable; and (2) decrease in administrative expenses due to strict cost control measures taken by the Group.
